SECTION 1.2 Gallerie and Fine Art Printing

When you require the finest results, try our Photo Pearl, Baryta FB, Cotton Matte, and Fine Art Museum Etching, professional printing services. These media provide a wide range of 'museum-quality' archival output options. Suitable for any exhibition from small size to 44" large format width.

Ilford Gallerie Prestige Pearl (2018 edition, Made in Germany) – 310 gsm GALERIE Prestige Smooth Pearl paper features the very latest HDR (High Dynamic Range) optically clear-coating and coupled with recent advancements in inkjet receiving layer design, makes this the reference media for producing images with superb clarity, high sharpness and excellent colour gamut.

FINE ART BARYTA 325 gsm FineArt Baryta is a paper that sets the benchmark for high colour depth, large colour gamut and image definition. This paper gives the "wow" factor particularly to black and white prints with extremely high density and finest grey tones. The Baryta layer gives the prints greater detail and definition. Wide tonal range with deep blacks, and enhanced shadow and highlight detail.

SECTION 2 *Technical and Equipment Service*

We perform data recovery, photo restorations, custom collages, and other technical services on site. Please ask us for an estimate.

2.1 CAMERA LENS AF-FINE TUNE ADJUSTMENT

We specialize in expert fine tune adjustment with compatible Nikon (D7000/D7100/D7200... D300/D500... D600/D610, D800/D810 D3/D4/D5) and Canon (70D/80D, 6D/5D, 1Dx) cameras. Prices start at \$15.

We also calibrate using the Sigma Dock and Tamron Tap In Console. This requires careful calibration at different focal distances. Calibration is \$60.00/lens to a particular camera body. For matching additional camera bodies, we perform a standard in camera calibration starting at \$15.00.

2.2 CAMERA SENSOR CLEANING

We have years of experience cleaning sensors from all major brands, and also sell the cleaning kits. 30 days warranty in cleaning.

2.3 CAMERA REPAIRS

We send out most repairs to authorized service centres in Canada. We also perform minor repair on site.

2.4 DATA RECOVERY

We perform standard data recovery from digital flash memory, CD/DVD, and hard disc drives. In many cases we can also recover corrupted and damaged media.

2.5 PHOTO RESTORATIONS AND COLLAGES

We have extensive photoshop experience and provide free estimates for custom photo restorations and collages. Over 25 years of experience in our Waterloo Lab.
